**AFFIDAVIT OF TRUTH**

In regards to:

The Fire Victims Trust set forth by The Courts of California for the PG&E restitution of claims regarding case # 19-30088 DM 11

Statement Letter To:

The Fire Victims Trust regarding ROBERT HOBSON RENTZ; claim # 104313, and Streaming Visions; claim # 91128.

I :Robert-Hobson :Rentz a living man, moved to Paradise, California in December of 2005, graduated Butte College in May 2012, joined A.R.E.S (Amateur Radio Emergency Service) in April 2015, and started Streaming Visions Company in 2016. I have been deployed to The Wall Fire, Cherokee Fire, Carr Fire, The Oroville Dam Incident, the Camp Fire, and multiple other fires in the past four years in volunteer duty through F.E.M.A., A.R.R.L. ( Amateur Radio Relay League), and A.R.E.S. (Amateur Radio Emergency System), and retired in October 2019.

I was deployed November 8, 2018 by my Emergency Commander to report in to the Nazarene Shelter in Oroville. On my way out the door and down the stairs I twisted my right hip, re-injuring a slow healing injury. I smelled the smoke and seen the huge black and white plume roaring over the Con Cow Ridge. Smoke and ash filled the air as I drove down Clark Road. I called roommate and warned him of the imminent danger, and continued on and reported in to my Emergency Commander. After several hours of operations, and while my whole life' s possessions was being incinerated by the Camp Fire, and worrying about my roommate and friends escaping the out of control racing raging inferno of death, I fell ill to a virus circulating through the Salvation Army Shelter/ Church of Nazarene Shelter. I was asked to leave the shelter because I fell ill while on duty and all the beds were full. I had to live in my vehicle and quarantined myself. This was three weeks due to the relapse. As I was attending the monthly A.R.E.S. meeting (November 2018) parking in the handicap space in front of the front door, under the flag, and light pole of the Veterans Hall. While attending the meeting (30 minutes) my vehicle was broken into and the remaining belongings, along with all my IDs was stolen and my vehicle was flooded by heavy rains that night. In November 2018 I registered for F.E.M.A. assistance and began their extremely long multiple processing procedures. On the second day of registering I fell ill to the virus that plagued the F.E.M.A. Facilities. Once again, I quarantined myself to my vehicle, and yet, another relapse. After three weeks I returned to the F.E.M.A. facility in December 2018 to continue with the assistance processing; however, I was in pure terror that I would get

sick, yet again. Much to my demise I fell ill yet again, and had to return to my vehicle where I quarantined myself, but this time I was in fear of being in public. After recovering from a third relapse with the help of antibiotics prescribed. The transmission went out on my SUV and had to sleep on the streets for ten days while waiting for the SUV to be repaired. Later I was given by (good Samaritans) a small travel trailer and have been renting a place to park at that is three times the rent I was paying before. F.E.M.A. denied me assistance, yet I was asked to volunteer again to help with the clean up of the Camp Fire. I was not paid, but F.E.M.A is getting a piece of the settlement, therefore profiting from my time, labor, and equipment; and not using my time and work as a justification for the next F.E.M.A. Budget, as designed. Due to the fact that PG&E will procure a settlement, I will lose my SSD income creating yet another financial loss due to the negligence of PG&E. My friends and I have suffered hardships like heart attacks, foot amputation, homelessness, depression, anxiety, financial loss, loss of a whole community, and fear that the legal system will make them victims again. As of January 2020 I found myself in dire financial stress and must move out of state in search of lower housing cost, cost of living, and medical cost. With my business incinerated and SSD being canceled I have no way of supporting myself.

Now, all this is charged to The Fire Victims Trust and its appointed executors to facilitate the restitution of a convicted SERIAL KILLER (PG&E) that get to do business as usual while we The Victims get belittled by the out rages Electric Bills, while I will receive pennies on the dollar settlements, no justice for the dead (hundreds of dead people), and the fact that I have to take stock (that I do not want) as partial payment; mean while, PG&E pays out bonuses to its employees, stock holders, and hedge funds are all paid in cash. The F.V.T. is violating California Law California Constitution, Article I, Section 28(b)) collects millions up-front cash payments to sit in judgment of tens of thousands of victims as I and tens of thousands of other victims live homeless waiting for their turn at their owed fair share.

I expect The Fire Victims Trust will facilitate the replacement cost of my property and not the depreciation cost of my property. The mental, emotional, and physical stress of, anxiety, depression, PTS, stress smoking, weight gain, physical injury, loss of friends, family, community, and living homeless is too high a price to pay for pennies on the dollar and stock.

PG&E (a convicted felon and serial killer) is still dictating and controlling the Fire Victims Trust and Victims Claims are being scrutinized by The Trust's executives, trustees, and the executor to see if the claims are valid. Again, I feel that I am under attack by PG&E (A REPETE FELON AND MURDERERS) because I have had a valid claim

and need not to be scrutinized by PG&E Victims Trust to see if I have a legal claim to their destruction.

I am further disenchanted by actions of Prime Clerk, Frantz Law Group, and the Fire Victims Trust, all in the name of ROBERT HOBSON RENTZ, Chad, a neutral with the Fire Victims Trust confirmed with :Robert-Hobson :Rentz : ( Sui Juris) that the F.V.T. had the proper information and that the November 23, 2020 deadline for filling of the preliminary payment had been met. However, Frantz Law Group failed to close my case in March 2020 when I notified Frantz Law Group of their termination, and instead of closing the case Frantz Law group chose to close it in July 2020; after Prime Clerk closed the voting, after PG&E exited Bankruptcy Court, and chose not to notify the F.V.T. Until February 23, 2021, after Tiffany Norwood notified me that Frantz Law Group was the representative for ROBERT HOBSON RENTZ as of February 17, 2021. Three months of the F.V.T. telling me they can not answer my questions, and then being told at the last few days just before the February 26, 2021 deadline .

Each day I live in the burn zone living homeless awaiting for financial payment clearly owed to me as I continue to live in the 2018 Camp Fire stuck in limbo. Each day is just an extenuation of the devastating loss I continue to endure each and every day.

This leaves me overwhelmed, bewildered, belittled, and reminded that I do not have a fair and just deal.
